

## MOBILE BAR GUIDE 2018

# Introduction

We offer more than 180 metres of Mobile Cocktail Bars, which can be small enough for an intimate or boutique event or, fully assembled, can cater for large scale festivals.

Rhino Bars were designed by professionals, who work in the industry to maximise the utility. This enables the bartenders to focus mainly on their performance.

Bars can be assembled into any shape to fit any space. For overall impression we can provide various designs of the front panels, or you can simply create your own.

Each Bar has independent supply of water and power, which may also run LED lights along the bar.

# Manufacturing

click here to open the video  
of manufacturing process

All of Rhino Mobile Bars are made of high grade **304L** stainless steel, ensuring the highest possible standards in the industry.

However, to keep your mind in peace, with our in-house production, we can offer our high-end portable bars for hire at very affordable prices, whilst beating the quality of the bar/s from our competitors.

## Design & Finishes

Whether you are looking for something classy, traditional, rustic or extravagant for your party we can provide you with several designs and throw the last touch to make your event unforgettable. For branded or themed bars, we have created special wooden laminates on which we can print your company logo, or preferred theme. This is provided for just one off cost, the wooden laminates can be used repeatedly.
